

```
1 <html>
2 <head>
3   <title>Nestled tags</title>
4 </head>
5 <body>
6
7 <p>This is an example of nested tags:</p>
8
9 <p><strong>This is bold, but <em>this</em> is italic. Also,</strong> this is not bold
10   but <u>this</u>
11 is underlined!</p>
12 <p><strong>Tags</strong> can be <u>nested</u> any way you like, as long as you <em>
13   close</em> the tag properly
14 and in the right place.</p>
15 <p>You already know how to nestle tags... notice how the &lt;body&gt; element is
16   the &lt;html&gt; element. Simple! Later, it will become second nature to nestle tags.
17   You won't
18 even notice you're doing it!</p>
19 </body>
20 </html>
```
