3   <title>Tables</title>
4 </head>
5 <body>
6
7 <p>Tables are complicated so I will give you a few examples:</p>
8
9 <p>Here's a table with 2 columns and 2 rows.</p>
10 <table border="1">
11   <tr>
12     <!-- This is Row 1 -->
13     <td> Column 1, Row 1 </td> <!-- Column 1 -->
14     <td> Column 2, Row 1 </td> <!-- Column 2 -->
15   </tr>
16   <tr>
17     <!-- This is Row 2 -->
18     <td colspan="2"> Column 1, Row 2 </td>
19
20   </tr>
21 </table>
22
23 <p>Here's a table with 3 rows and 5 columns.</p>
24
25 <table border="1">
26   <tr>
27     <td>Column 1</td>
28     <td>Column 2</td>
29     <td>Column 3</td>
30     <td>Column 4</td>
31     <td>Column 5</td>
32   </tr>
33   <tr>
34     <td>Column 1</td>
35     <td>Column 2</td>
36     <td>Column 3</td>
37     <td>Column 4</td>
38     <td>Column 5</td>
39   </tr>
40   <tr>
41     <td>Column 1</td>
42     <td>Column 2</td>
43     <td>Column 3</td>
44     <td>Column 4</td>
45     <td>Column 5</td>
46   </tr>
47 </table>
48
49 <p>Table cells can have whatever you want in them, like, here's a table with images:</p>
50
51 <table border="1" cellpadding="3" align="center">
52   <tr>
53     <td valign="middle" height="500"><p><strong>Poster 1</strong></p></td>
55     <td><br /><strong>Poster 2</strong></td>
57   </tr>
58   <tr>
59     <td><br /><strong>Poster 3</strong></td>
61     <td><br /><strong>Poster 4</strong></td>
63   </tr>
64 </table>
```

```
62 </body>  
63 </html>
```
